

General Guidelines

KOTESOL Proceedings 2023

KOTESOL Proceedings 2023 submissions:

1. Should be more than just handouts or a lecture outlines and be written so that the content is accessible to a broad readership. If an extended summary was submitted to the Conference Program Guide, the proceedings submission should, at the very least, be an expansion and revision of what appeared there.
2. Should be consistent with the guidelines of the *Publication Manual of the American Psychological Association (APA), 7th ed.*, especially for in-text citations and reference lists. The following link provides a good introduction to the basics of the APA style:

<http://www.apastyle.org/>

(For the tutorial “Introducing the Basics of Seventh Edition APA Style tutorial,” click on: <https://apastyle.apa.org/blog/basics-7e-tutorial>)

Note: If APA style is not followed, your submission may not be considered for inclusion in *Proceedings 2023*.

3. Should be limited to no more than 5,000 words for research papers (about 2,000 for panel discussions and workshop reports).
4. Should be limited to a title of 10 words.
5. Should have an abstract of 150 words or less at the beginning of the article.
6. Should follow the general format (for research-based papers) of:
 - Title
 - Name, Affiliation, Location
 - Abstract [required]
 - Main Body of Paper [including Introduction; and if it is a research report, including Method, Results, Discussion, and Conclusions sections]
 - The Author(s) [biodata (Required)]
 - References [if any. Do **not** use the automated citation function in your manuscript.]
 - Selected Resources / Select Readings / Etc. [if any (but not encouraged)]

For reference, check the *Proceedings 2021* articles at:

<https://koreatesol.org/content/kotesol-proceedings-2021>

See suggested formatting guidelines on pages 3–4 (below).

7. Should be accompanied by a biographical statement of up to 100 words just before the reference list section for each author (Beginning with author name, written in the third person, and including author email address), plus any special, brief acknowledgements or notations the author/s wish to include.
8. Should be submitted by email attachment to 2023.kotesol.proceedings@gmail.com and include all file graphics as separate attachments as well as incorporated into the manuscript.
9. Should be accompanied by an email message that includes preferred contact information: alternate email address(es), etc.

10. **Should not have been previously published** nor be under consideration for publication elsewhere.
11. Should be in a Microsoft Word file format (.doc or preferably .docx), with accompanying attachments of all graphical items in supported file formats. Figure titles/captions should **not** be part of the graphic.
12. Should be accompanied by a **signed Copyright Agreement** form, scanned and submitted as an email attachment.
13. Should be submitted no later than **June 30, 2023**.

We strongly recommend that you do not exceed 10 pages (for research papers: 5,000 words, less tables or figures). If word-count restrictions (2,500 – 5,000) are problematic, consult the editors at the email address above.

Additional Do's and Don'ts

- Do **not** underline titles, etc.
- Do **not** hyphenate to divide words at the end of lines.
- Do **not** insert more than a single character-space between words and sentences.
- Do **not** use automated functions for (a) citations/references, (b) footnotes or endnotes, or for (c) editing/tracking.
- Be sure that your in-text citations and reference list references correspond (i.e., each citation must be in the reference list, and each reference item must be cited in the text).
- Be sure that all references are complete in content (author, date, title of work, title of book/journal, page numbers, publisher, etc.).
- Be sure that references and in-text citations strictly follow APA guidelines as set forth in the *Publication Manual of the American Psychological Association* (7th edition).
- Be sure to write in a scholarly research paper style with text that is fluent, grammatical, and correctly punctuated and spelled (using APA spelling standards and using the Oxford comma – serial comma – consistently).

Note. Non-compliance with any one of the three “do’s” immediately above could result in the non-acceptance of your submitted manuscript.
