Candidate's Personal Statement

I have been an English teacher for six years, firstly in the public school system and now as a teacher trainer. As a Member-at-Large for the last two years I have been responsible for organizing the Summer Picnics (2013 and 2014), assisting at the National Conference at KNUE (2013), and organizing the Christmas Dinner (2014). I have also spent a good deal of time promoting the benefits of KOTESOL to public school teachers (both Korean and non-Korean) to help broaden our membership base.

This year, I intend to continue to support the chapter in whatever way is needed. I hope to continue organizing the Summer Picnic and Christmas Dinner, while also pushing for higher public school teacher participation in KOTESOL.

I am committed towards the success of the Daejeon-Chungcheong Chapter and towards making our teaching experience here more fruitful and worthwhile to both ourselves and our students.
